*UCRCS would like to welcome
you to Model Aviation*

www.UCRCS.com

If you are new to model aviation and think you would like to experience and enjoy all the fun and camaraderie of this great hobby, UCRCS would like to extend an invitation for you stop by and talk with us. We have many experienced pilots that are always willing to share their knowledge and have an opportunity to talk to people about the hobby. Come visit us!

Our field is located on Salem Road, behind the Knights Inn on Hwy 111, just off I-40 in Cookeville, Tennessee.

(I-40 Exit 288, south on Hwy 111, first left at Truck Stop and left again around the Knights Inn Hotel)

This is a private flying field that is open to any member of UCRCS. We have flight instructors that we can put you in touch with to schedule training lessons. We also have many events throughout the year including, Picnics, Fun Fly's, Fly In's, Farm Fly's, and Giant Scale events. All of our events are open to the general public and we welcome spectators.

With safety being one of our utmost concerns, our club is a member of the Academy of Model Aviation (AMA). We are obligated to follow all the guidelines for operation of model aircraft as set forth by AMA. The AMA has programs for allowing new people to enter the hobby without having to spend a lot of money to join, provided they are with a certified trainer or introductory pilot, to give them time to see what the hobby is all about. This allows for a great start.
