

Minutes of the Most Recent UCRCS Club Meeting

February 11, 2010

UCRCS's regular club meeting was held February 11th at IWC. Thanks to Bob M. for the comfortable meeting place and storing the drinks for the club. President Ron Bernhardt welcomed members. Thanks to Ron B. we had another great meal. The continued services and support provided by Cookeville Raceway & Hobbies and G & L Hobbies was noted, as usual. Some announcements were made concerning upcoming events by other clubs.

Ron Serafin – Welcome back!

MINUTES / TREASURY REPORT:

Sec/Treas Maryann Smith announced that the regular **Club meeting minutes were posted on the Web-Site for Club Members to view.** A motion was made, seconded, and approved to accept the minutes.

Maryann S. reviewed the Club's finances, summarizing the current expenses and resulting bank balances. She reminded everyone that AMA and club dues are payable now, and that the Charter and Member information will be completed in March. Dues need to be paid for both to be included.

CLUB OPERATIONS:

Members are encouraged to sign up for the 2010 mowing schedule. We are not mowing yet, but will be soon. Send your name to Holly to put on the list. All who fly need to participate in mowing.

Members are still encouraged to gather at the field on Thursday afternoons, weather permitting, to enjoy some extra club time. Members were also reminded to put their AMA cards in the slots, on the field board, while flying. Members are encouraged to have spotters on the field, especially when multiple planes are in the air. Due to the shorter days, weekends are popular.

Reminder: We have 4 instructors: Bob Conners (Airplane), Steve Mullis (Airplane), Terry Moore (Helicopters) and Jim Casey (Electric) who have their certification. They are available to anyone needing instructions at the field. Call instructors to make arrangements in advance for training days. Contact information is listed on the web site.

Members were reminded that we have the "Club Trainer" available. The trainer is available to all club members. Give Tony C. a call if needed.

Note: Due to an increase in membership, and many members not being present at meetings, President Ron B. will continue to enact a clause in our By-laws, where a vote can be taken, with less than a majority, at the President's discretion. At recent meetings, less than half of our membership has shown up. Be sure and attend the meetings, if you want your voice to be heard.

Remaining awards, left over from 2009, were awarded to those members present, and Steve Mullis finally got his Officer's jacket.

SPECIAL RECOGNITION:

There are a few folks that deserve to be recognized for their over-and-above efforts to promote & support the Club:

- Holly F. for the Club's SUPER web-site.
- Dave B. and Bob M. for their assistance with drinks for the club.
- Bob M. for becoming a CD.
- Ron B. for cooking up a great meal.

FIELD UPDATE:

- The field was reported to be in general good condition, but wet. Holly F. requests that names be sent to him by email to put on the web-site mowing list for 2010 - 2011. Call

Holly to get a substitute if you cannot mow on your scheduled date. All field renovations are on hold, due to the continued wet weather.

- There has been no new news about the current developments around the flying field. Members are still encouraged to suggest alternate flying sites for consideration.
- John R. has stored the mower at his house for the rest of the winter.

NEW BUSINESS:

Chris K. is in the process of getting his CD, and may oversee our next Heli Event. The event fee needs to be turned in to secure our date.

The collection basket for our meals, which was started last meeting is a success. We will continue to have a “kitty basket” out for donations for contributions to pay for our meals at future meetings, due to our high expenses in this area.

Bob. Mackie will head up a field trip to the Beechcraft Museum on 2-20-10. Members will meet, around 10:30am. at “Huddle House”and carpool there. Call Bob if you need more information.

Club members are still welcome to get together and do some building at Jim Casey’s house, as he has a nice heated garage, which is perfect for Winter projects. Bob M. has also kindly offered his home for projects and builds, since he is home more during the cold season. Contact Jim or Bob to schedule. Phone numbers are on the web site. This is a great way for club members to get together, other than our meetings, and learn new ideas and techniques.

John Ross reported that he has obtained some small prizes for the fun-fly.

SHOW AND TELL:

We had multiple demos tonight: Doug Ruffner brought in his latest restored Float plane, Steve Mullis brought his new winter project, and Shane Allen brought in his Sig. Rascal.

The next club meeting will be March 11th at IWC.
